Reflection

How I live my daily life really matters; it is not just about getting up every morning and doing my best to get through the day. What small but important things am I doing each day that brings joy and hope to others and not just to myself? The challenge and invitation of waiting and being prepared is that I am trying my very best to live my daily life as a follower of Jesus. This will be seen in how I speak, how I act and in how I treat others. Waiting then, is not about some vague and unknown future. Being a Christian and waiting for Jesus is about how I live my daily life, right here and right now.
